PROFESSIONAL EXPERIENCE

Data and Analytics Lead | *Modern Healthcare*. September, 2018-present

I work closely with reporters and editors at the prestigious national publication to find, examine, understand, communicate and visualize what we discover in healthcare-related data — online and in print for both daily news and longform features. I supervise and mentor a data analyst and work with reporters to develop their data skills..

Editor of Data Journalism & Graphics | *Daily Herald*. 2015-September, 2018

Wide-ranging position that utilizes my design, coding and journalism skills for the 70,000-circulation daily and its website covering the suburbs north and west of Chicago.

News Presentation Editor | *Daily Herald*. 1998-2015

Conceived and created maps, graphics and interactives on my own and with editors and reporters while serving as a newsroom teacher and leader in exploring new tools to glean stories from data

From 1998 to 2009, oversaw a department of six full-time employees.

News Artist | News graphics and page design, *Daily Herald*. 1990-1998

News Artist | News graphics and page design, *Southtown Economist*. 1984-1990
